CONGRESSIONAL DELAY OF ERA APPROPRIATION CAUSES ACUTE PROBLEM

Speaking at a meeting of the Citizens' Committee last Tuesday evening, Ernest W. Davis, of the board of selectmen, gave an interesting picture of problems confronting the board.

He said that the major question, at present, is whether or not the Federal Government is going to appropriate more money for ERA work. At present the bill is tied up in Congress and if it is not appropriated it will throw 700 in Arlington out of work, and turn most of them back to welfare. Since the \$270,000 for the rest of 1935, from the Federal Government, means that the town must spend about \$70,000 for equipment and supervision, the selectmen and finance committee are in a quandary as regards asking for the money in March. If ERA ends, the \$70,000 will be tied up and on the tax levy to no purpose, but if the

money is not appropriated by the town, and ERA continues, then Arlington will be unable to accept the Government money. Welfare will be, of course, a large problem if ERA is discontinued.

In checking up on the latest developments in the ERA tangle, the NEWS learned yesterday that in addition to the \$13,000 given Arlington as a temporary ERA allotment which will carry through

Town Votes \$20,000 In Quick Time

Meeting in special session at Robbins Town Hall, the town meeting members last Monday evening voted to appropriate \$20,000 for ERA materials and employment of the needy. The appropriations were made in 16 minutes flat. The town meeting was unusually quiet.

The sum of \$15,000 was appropriated for ERA materials after John Delay had taken the floor to voice opposition to the appropriation. He pointed to the unsettled situation in Washington over the fate of the ERA. The appropriation was made however to guarantee the town's receiving its share of Federal funds in the event that an allotment is made for the State.

The other \$5,000 was for the employment of needy men to improve Fowle's Mill pond and dam.

Selectmen Turn Down Request For Sunday Movie Vote

Signed by six hundred residents of the town, a petition to again place the question of Sunday movies before the voters next March was made to the board of selectmen last Monday evening. The town fathers denied the petition.

In the new petition presented by managers of both local theatres, it was noted that should Sunday movies be approved, these would not be shown before 6 p.m. and admission of children would be restricted. At the state election last November, the question was put to an informal vote and 7,219 were in favor while 8,041 voted against Sunday movies.

Local High Tops Everett

Through the brilliant playing of center Earl Jones of the Arlington High basketball team, Coach Bill Lowder's superb quintet won a thrilling victory over Everett High in that city last Wednesday afternoon. The final score was 28 to 27.

The locals led by a slight margin up to the last few minutes of the game when a basket by Sammy Gentile, former Arlington Pals' star baseball player, put the Everett team into a one point lead. A basket by Jones with less than a minute to play gave the Red and Gray a one point lead to which they managed to hang on until the whistle blew seconds later. Jones not only scored the winning basket but he scored 17 of the Arlington points. He has been improving steadily this season and is now considered one of the leading centers in scholastic circles.

Pat O'Brien featured with some great foot shooting. The team as a whole played a steady hard-passing game and earned the victory. This was its sixth win of the season to its sixth loss. They played Medford High in the new auditorium at the High school tonight. An exceptionally good game is expected as Arlington has shown vast improvement in recent games.

Local Officer's Leg Is Badly Cut In Odd Accident

Police Officer Charles Scannell received a bad gash on his leg last Monday afternoon when a car sank off the side of a moving truck and struck the officer's leg before he could step aside. Officer Scannell was doing traffic duty on Massachusetts ave at Brattle St when the accident happened.

The truck according to the police, is owned by John Silk of 43 Broadway and was being operated by John L. O'Rourke, of 67 Henderson st. The officer was taken home in a cruising car by fellow officers and a physician summoned. An examination failed to reveal any fractures.

BOY SCOUTS TO OBSERVE TWENTY-FIFTH BIRTHDAY

Scouts and Scouters of Arlington will be present at the Scout Muster to be held Thursday, Feb. 14, in the High School auditorium, Watertown, at 7.30 p.m.

This Muster will be part of the celebration of the twenty-fifth Anniversary of Scouting, and is under the direction of the Sackem Council Troop Program Committee, Tracy W. Ames of Lexington, chairman.

Scout Commissioner John J. Vantura of Belmont will preside and will introduce Dr. Franklin P. Hawkes of Arlington, the new President of the Council, who will welcome the Scouts and Scouters.

Among the features of the evening will be the presentation by Ralph H. Nodine, Regional Scout Executive, of the Ten Year Program Awards for 1934 to Troops 2, Trinity Baptist Church, 5, Junior High School West, 6, First Baptist Church, 8, Orthodox Congregational Church, 9, Church of Our Saviour, 10, Calvary M. E. Church, and eleven other Troops of Sackem Council.

WARRANT "SHORT"

Indications are that the annual town warrant for the March meeting will not be as long as in some of the past years. The board of selectmen closed the warrant last Monday evening and forty articles may be included.

MISSING 3-YEAR-OLD BOY DROWNS IN SPY POND; BODY RECOVERED

His fascination for wild ducks swimming around in an open hole on Spy Pond cost the life of 3-year-old Lawrence Scott, of 51 Mt. Vernon st whose body was found in the icy waters of the pond yesterday noon. The body, brought to the surface by Fred Wallace, professional diver of Somerville, was found close to the opening in the ice where he was last seen on Wednesday.

The tragic find was made in the presence of a large crowd gathered along the shores of the pond near the Middlesex Sportsman's clubhouse to watch dragging operations which started during the night and continued all through yesterday forenoon. When dragging operations failed

to bring results Chief of Police Archie Bullock summoned the diver whose services will be paid for by the town. Wallace located the lifeless form within three minutes. The body was lying under the ice about 20 feet from shore. Thomas Scott, father of the boy, who had frantically run down every clue to locate the child since his disappearance was close by when the body was located. Unable to stand the terrible strain he walked away when it was definitely known that the last ray of hope was shattered. The body was removed to the Hartwell Funeral Home awaiting funeral arrangements and Medical Examiner David C. Dow was notified.

BOY SCOUTS' 25th ANNIVERSARY

Thirty thousand boys and their leaders will be united in one of the most dramatic events in American history, when the tents of the Boy Scouts of America are pitched along the Potomac at Washington, next August, for the First National Jamboree of that organization. It is a high point in the celebration of the twenty-fifth Anniversary of the Boy Scouts of America, which opens on February 8th, and will continue throughout the year. The Jamboree to be held for ten days, August 21 to 30, will affect every "nook and cranny" of the country and will draw boys from city, town, village and farm. This Jamboree will present to the American people a splendid exposition of what boys have gained from Scouting and have learned through the efforts which the devoted band of volunteer leaders in all branches of the Scout Movement have made to present the Scout program to them effectively. Last year, in all branches of Scouting there were 275,008 of these volunteer leaders. Since the beginning 1,291,801 men have been leaders. Their work has borne fine fruit.

C. of C. Speaker Favors Aggressive Credit Extension

"An aggressive credit policy will benefit everybody," George H. Foss, of the Retail Merchants' Credit Association told a gathering of business and professional people at the monthly meeting of the Chamber of Commerce in Wyman's tavern last Tuesday evening.

Mr. Foss was the principal speaker of the evening. He gave interesting information relating to credit reporting and its benefit to those merchants who go out for business by extending credit to customers whose record has been thoroughly investigated. In showing what steps should be taken to encourage charge accounts, Mr. Foss pointed out that the increase in bad accounts is not as large as some think. The speaker gave some glaring examples of typical cases investigated by the credit association which he represents.

The applications for membership of Ray Morrill, high school teacher; Joseph Beasley, florist; and Kraft's Market were accepted at the meeting. A dinner preceded the meeting.

More Candidates Endorsed By The Citizens' Group

At an enthusiastic meeting of 150 members and friends of the Arlington Citizens' committee at the Heights headquarters last Tuesday night, the remainder of its slate was endorsed. Paul M. White was named for moderator; Edward S. Coburn for school committee and Daniel M. Hooley for the one year term on the park commission. All endorsements were unanimous; thus giving the committee three more candidates who will bring considerable strength to the entire slate.

The principal speaker of the evening was Ernest W. Davis.

THE NEWS OBSERVES

We have the report of the School committee showing that despite many economies effected during the past year, our local school standards are still very high. We hope to publish this report in the future.

Another report received at our office is that of the public library. Fine work is being done here also.

Anyone of the opinion that Arlington did nothing to clear the streets might be interested to know that one trucking company alone has sent the public works a bill of \$1500 for trucks used for snow removal work.

While on the subject of snow removal, we notice with interest an editorial in the Boston Post pointing out that critics shouldn't be too harsh on ERA shovellers if they're taking too much "time out". Such shovelling is strenuous work; try it.

The Arlington Post 1775 V. F. W. band is entered in the Ce-Lect Broad Radio competition which is being held over Station WNAC on Sunday afternoons. Tune in on the station next Sunday at 3:30 p. m. and get the details on voting for your favorite band. 1 station is WNAC; the time, 3:30 p. m., Sunday.

In last week's NEWS Henry Keenan's name, in a headline, was used over the wrong story. The letter which should have appeared last Friday will be found on the front page.

For the four Wednesday evenings of February the members and friends of the First Baptist Church are to be favored by lectures on Burma, given by Dr. Harry I. Marshall, president of the great Eastern Seminary of that country. The meetings start at eight o'clock each evening in the chapel. They are preceded in each instance by fireside discussions in the Ladies' Parlor beginning at seven o'clock. The public is invited to both.

These postal employees must be modest. A few months ago, one of the local clerks became the proud father of a baby daughter but kept it a secret until we were told by fellow-employees. Now, another post-office clerk has filed marriage intentions, with the brief request, "Please Do Not Publish."

All in all Arlington did not suffer by comparison with other communities as regards snow removal after last week's storm. We received many complaints but are inclined to compliment rather than find fault.

We hope our business men will take warning from the nigger plot mentioned in last week's NEWS. It's disgusting to see so-called business men dealing with representatives of this and other gambling schemes. If they would attend to business they might get along better. There is still too much of this business going on in Arlington Centre as in other parts of town.

The Borden's Milk radio program on Friday night included a song about Camp Fire Girls by a lady singer that was decidedly vulgar. The writer protested to Station WBZ at once and would suggest that those interested write their protests to the Borden Co. or to the National Broadcasting Co. in New York.

The band of Arlington Post 1775 V. F. W. gave a fine concert last Sunday afternoon over WNAC.

"SWIFT SWORD" PROVES EXCELLENT PRODUCTION

By Joseph D. Callahan

King Winter was unable to dampen the ardor of the throngs who turned out for the presentation of Parker Wood's three act drama "Swift Sword" by the Friends of the Drama in their Academy Street Playhouse on Wednesday, January 23rd and the following Friday and Saturday evenings.

Despite a severe blizzard which paralyzed transportation and hampered pedestrians, nearly 100 persons were on hand for the initial performance of this original play written by the well known Arlingtonian. The fact that so many came out on such a night certainly is some sort of a record and is indicative of the tremendous interest that has been manifested in this production by the townsfolk. Those who came were not disappointed because they enjoyed a performance which might well grace the stage of any leading metropolitan theatre. In fact we have seen productions in New York and Boston sponsored by professional stock companies that did not measure up to the standard of excellence which this play attained.

The plot was rather intricate because two climaxes were reached. The first came in the first act when members of the cast were killed by electricity in the locker room of a golf club while a mid-winter thunder storm raging outside lent plenty of "atmosphere" to the weird proceedings. The audience was at a loss to know why the two electrocutions occurred and the full explanation did not come until the final scene. Then the second climax took place in a very dramatic manner.

Herbert Ellison as Ralph Hubbard, the villain whose wagging tongue disrupts the lives of John and June Halstead, handled his part very well. Miriam H. Cahalin, appearing again in a Friends of the Drama production after an absence of some time, was very charming as June Halstead, the heroine. She played her role exceedingly well and gave further proof of her great ability as an actress.

Leonard Wood as John Halstead is deserving of commendation for the way he carried out his role. It was a part that was anything but easy. Brenton Roberts as James Halstead, father of John and affluent rubber magnate, handled his role in a masterly way. Earl Lewis as the doctor and James Snow as Mr. Ball were very capable. Marjorie Manning as the coquettish Catherine Huber had a role which was very hard but she carried it out to perfection because of her versatility as an actress. Prescott Baston as Paul Molinet was very convincing. Paul White as Detective-Sergeant

Looking Inside

Our County's District Courts cost the taxpayers in total a lot of money and keep a lot of people on the payroll. The one at Somerville cost \$26,102.51 to run last year and employed nine full time people—justice to janitor at from \$4300 to \$1600 each—besides several others paid for part time. The Newton District Court cost \$28,218.41 and employed eleven full time persons at from \$3600 to \$1000. The Marlborough and Natick Courts cost \$9,313.09 and \$6,378.64 respectively.

P. S. One of the causes for the delay in opening the streets was the fact that two of our tractor plows broke down. Here is the story of those tractors. They were bought the winter of 1926-27 from two well known companies. Since then both of these makers have gone out of business and it is hard to get parts. As a result we have three widows. Furthermore the State Department of Accounts, so I am informed, has said that no town can buy any truck, tractor or plow unless there is an appropriation for the purpose—that this storm is not an emergency—and Town Meeting is not until March. Bah!

P.S.S.S. Have heard several persons say in connection with the storm that they would remember those birds in the Town hall when it came to election. O. K. brothers and sisters, how much better would you have done the job? Could you get much pleasure with three hours sleep in forty-eight? And lastly are you sure that the other fellow under the circumstances would have done any better?
g — BERT — w

The play was admirably directed by Myrdred Foley Trempl. Extras were Florence Ensor, Mrs. Edward Dearborn, Joseph Lufkin, Bradford Doty, Howard Ensor, Ethel Day, Russell Hamlet, Phyllis Rees and Clarence Day.

The scenery for the first and second acts was designed by Prescott Baston and executed by him with the aid of: Barbara Sears, Anne Kennedy, Paul White, Walter Hatch, Richard Guinan, King Rugg and James Snow. Others who were instrumental in producing the play were: Prompting, Beatrice Ring, Ed. note—there was no need for a prompter, the cast knew their lines so well. Make-up, Anne Kennedy; stage-manager, Howard Dawes; electricians, Homer Davis Jr., Herbert Knowlton; properties, Betty Rice, Dorothy Pinkham and Roberta Bailey.

PLAN EXPOSITION

Elaborate plans are being made for the Cambridge Progress Exposition and Food Fair to be held at the Cambridge Armory, Massachusetts ave on March 20, 21 and 22. The affair will be under the auspices of the Central Square Business Men's association, incorporated.

MAN INJURED

Ferdinand Fattibene, age 55, of 18 Grove st., received injuries to his right leg when he was struck by an auto as he alighted from an inbound street car on Massachusetts ave last Sunday. He was treated by Dr. Frank Gerry.

The auto which struck Mr. Fattibene was operated by Thos. P. Dillon, of Cambridge, according to the police.

FACE CUT IN ACCIDENT

Mrs. Mabel Sweetman, age 31, of 9 Lauriat st., Medford was cut about the face when the car in which she was riding crashed into a heavy dump truck at the corner of Mystic and Summer sts last Friday noon. She was treated by Dr. Webb. The auto was operated by Philip Serouloak, of Dorchester and the truck by George Neville of Lexington.

ENJOY GALA PARTY

St. James' Hall was the scene of a gala mid-winter party of the St. James' Sunday School teachers' association last Wednesday evening. Harvard Senior To Run for Office

One of the youngest men to run for School Committee in the history of Arlington, Lawrence Edward Corcoran will be a candidate for that office next March, when three new members are elected it was learned today.

Since he moved to Arlington in 1920, he has shown an active interest in town affairs, and has the advantage of an academic knowledge of government from his studies at Harvard, where he is a member of the Senior Class.

Corcoran graduated with honors from Arlington High School in 1931. While there he managed the hockey team, and was a member of the Student Council and the debating team.

At Harvard, Corcoran ran on the Cross-Country Team for two years, and the Track Team for 4. Corcoran is majoring in Government and will graduate in June with honors.

Fifty Harvard undergraduates will manage Corcoran's campaign. Besides the Harvard Alumni, much support is expected from the Arlington High School Alumni, the St. Paul's Club, to which Corcoran belongs, and the Harvard Club of Arlington, which he is organizing.

Corcoran is the son of Frederick L. Corcoran, prominent in city affairs, and a Town Meeting member for nine years.

Brookline's Win In Northeastern Meet No Surprise

BY ROLLINS

Brookline's triumph in the Northeastern Interscholastics at the Boston Garden recently was not surprising to those who had seen the versatile wealthy town athletes in action. Arlington High was represented in the meet.

The same stars who had sent Arlington's track and field stars to defeat figured prominently in the Brookline victory drive at the Garden. Robin Hartman's victory in both the hurdles and in the high jump, Leon Rogers' win in the 30-yd run, and Charlie Kerins' throw which netted him second place in this schoolboy classic, were practically duplicates of their performances against the Arlington track horde.

Although Arlington's representatives did not score in their respective events, "Doc" McCarty usually points his teams towards State championship, as can be easily seen by the number he has already won, and the Northeastern meet affords his charges excellent competitive training. His seven entries in this meet were Capt. "Billy" Does, "Cyclone" Hoffman, "Soup" Cook, "Tacks" Cronin, "Chick" Giacinto, A. Knapp and W. Daniels.

Capt. Does was pitted against a Lynn Classical boy, Johnny Hayden, who was forced to a new record of 34.4 seconds in the 300-yd run. Does finished second in 35.1-2 seconds but as he had not won his trial heat, he was exempted from the finals although his time was better than the winning times of other heats.

"Cyclone" Hoffman was barely beaten in the most exciting hurdles preliminary by big Gene Woods of Roxbury Memorial, when Woods with an amazing burst of speed closed a yawning gap and breasted the tape before Hoffman in record-equalling time.

"Chick" Giacinto did well in the dash but failed to place. Cook in the 600 and Cronin in the 1000, running for the first time in such fast competition did splendidly and under the careful tutelage of "Doc" McCarty should develop into strong challengers for the State championships.

The relay team composed of Hoffman, Knapp, Daniels, and Does lost in its race against Lowell High School but will no doubt improve greatly as the season progresses.

The Arlington track team treks to Everett High school today for a dual meet which holds the attention of the track world and will be packed with thrills.

Rebekah Lodge Has Enjoyable Evening

Ida F. Butler Rebekah Lodge celebrated Thomas Willey night at Odd Fellows Hall Monday evening. Bethel Lodge No. 12 and Arlington Encampment No. 82 were guests.

A very fine program was prepared by Mrs. Mina Decker. The program consisted of violin solos by George Drury accompanied by Miss Beatrice Sweet and piano solos by Miss Doris Hartwell who also played for dancing later in the evening. Miss Dorothy Robinson gave humorous readings and dancing.

The pupils of the Elwot dance studios were much enjoyed. Those from that studio taking part were Gertrude Tushia, Eunice Cole, Constance McNally, Florence Lopez, Mary Wylie, and Kenneth Slade who sang a duet with Jane Drisko.

The Elwot Sextette also gave a group of numbers, the group consisting of Constance McNally, Gertrude Garland, Florence Lopez, Constance Garland, Eunice Cole and Helen Jackman. These dancers were in charge of Miss Olive Towle with Miss Herlick at the piano. Mrs. Decker had as her assistants Mrs. Mae Hawke and Mrs. Sarah Walkinshaw.

New England Week Sale On At First National Stores

Foodstuffs and household products from the farms and factories of New England are being featured this week in 2500 First National stores and markets in the Company's annual New England Sale, launched two years ago as a co-operative effort to make better known to New Englanders the products of their local communities. Newspaper advertising is being used to promote the sale which also is receiving the impetus of special merchandising effort in the stores.

Governor Curley, in a letter to Arthur O'Keefe, president of First National, congratulated the Company on New England Week.

First National officials give as one reason for initiating a New England Week the New England character of the organization, formed ten years ago by the coming-together of the Connor, Ginter and O'Keefe food companies, each of which had been started some 25 years previously with a single grocery store. A substantial percentage of sales goes back to New England producers of foodstuffs and additional millions of dollars are ploughed back into the 500 cities, towns and villages in which stores are operated, through wages, rentals and miscellaneous store expenses. Taxes paid by the Company represent the second largest item of expense, wages being first, and average \$800 per store for local, state and Federal tax levies.

Rebekah Lodge Has Enjoyable Evening

Ida F. Butler Rebekah Lodge celebrated Thomas Willey night at Odd Fellows Hall Monday evening. Bethel Lodge No. 12 and Arlington Encampment No. 82 were guests.

A very fine program was prepared by Mrs. Mina Decker. The program consisted of violin solos by George Drury accompanied by Miss Beatrice Sweet and piano solos by Miss Doris Hartwell who also played for dancing later in the evening. Miss Dorothy Robinson gave humorous readings and dancing.

The pupils of the Elwot dance studios were much enjoyed. Those from that studio taking part were Gertrude Tushia, Eunice Cole, Constance McNally, Florence Lopez, Mary Wylie, and Kenneth Slade who sang a duet with Jane Drisko.

The Elwot Sextette also gave a group of numbers, the group consisting of Constance McNally, Gertrude Garland, Florence Lopez, Constance Garland, Eunice Cole and Helen Jackman. These dancers were in charge of Miss Olive Towle with Miss Herlick at the piano. Mrs. Decker had as her assistants Mrs. Mae Hawke and Mrs. Sarah Walkinshaw.

All models have the same speedlined styling that gained Pontiac the name of the most beautiful thing on wheels. The bodies are the same solid steel "Turret-Top" Bodies by Fisher. The brakes are the same—big, positive hydraulics, triple-sealed against dirt and moisture. The new ride, the happy result of stabilized, synchronized springing, is every bit as gentle and comfortable as you could ask for. The engine, with its silver-alloy bearings, provides dependable performance so smooth and lively that you will doubt it is a six. And, best of all, it operates with an economy of gasoline and oil that will literally amaze anyone who has had experience with other low-priced cars! A look, a ride and you'll decide you simply can't do better.

MISSING BOY

Continued From Page One

At approximately 10 o'clock Wednesday morning the boy untied his hand from his mother's coat after impatiently tugging at it requesting permission to go outside and play with his dog while the mother was making some purchases in a store at the corner of Massachusetts and Highland ayes. He toddled out on baby legs, not yet too secure, and continued on to his death at Spy Pond. The slippery ice might have thrown those baby legs into the little pool but 25 feet wide that is kept open for ducks to swim in.

Rotarians at their weekly luncheon in the Middlesex clubhouse saw the boy on the pond Wednesday noon and ordered him away. Evidently he returned to the edge of the open water later.

The child's dog was located yesterday morning. A cocker spaniel, it was found in a wooded section about a half a mile from Spy Pond in an exhausted condition. Efforts on the part of police to capture Kinky met with failure.

The Arlington police were up all night in great effort to locate the boy before the bitter cold could exact its toll. During the first hour or so of search, after the boy had disappeared the search was confined to a half-mile area from the spot where he was last seen—in the store. Every barn and vacant house was searched. Everyone whom the ever-growing army of searchers could interview was asked if he had seen Little Larry and his dog. Boy Scouts yesterday morning joined the searching parties while police dragged the pond.

KEENAN'S TRAINING

Continued From Page One

land developers and home builders. The engineering training gained with this organization in street layouts, the planning of public works improvements, was further extended by his association with the concern of J. W. Knowles, Inc. He was engaged in the same type of work with the latter organization where he gained the additional experience in actual home construction and building loan experience on all types of buildings.

His academic and legal training in addition to the experience gained of handling men and rendering service through constant contact with people interested in town developments, should be a great asset to our Public Works Department. The fact that he takes the stand of an independent candidate signifies his willingness to be of service to all who are interested in the proper development of our town.

Yours truly,
Joseph T. Quinn
133 Warren St., Arlington.

CONGRESSIONAL DELAY

Continued From Page One

February 10, an additional \$13,000 is expected for this month. Continuing his remarks, Mr. Davis said that another problem is snow removal equipment. To properly cope with a blizzard, such as the last, the Town must spend about \$80,000 or \$100,000 for snow removal equipment, he said. If the money is spent and no more big storms occur for another ten or fifteen years, then that is just more Town money

tied up; but if the people want all streets plowed in ten hours they must agree to pay for it, he stated. Mr. Davis pointed out that if one drove through the streets of the neighboring cities and towns, one could not help but notice the fine job done by Arlington in comparison.

In conclusion, the Selectman said that the people of Arlington have become so accustomed to receive the utmost service from every town department that they have failed to appreciate that such service costs money. He pointed out that some neighboring towns have a slightly lower tax rate, but some of these towns make no ash collections and compel the property owners to shovel off their own sidewalks. If Arlington wishes to forego some of these services it, too, can lower its tax rate, he said. Mr. Davis especially commended the police and fire departments and said they are rated among the best in this part of the state. He also commended the school department for the high grade of teaching which it gives to the pupils of Arlington.

Ryan's Campaign Committee Named

Hundreds of supporters of Edward T. Ryan of Wildwood ave. who seeks reelection to the Board of Public Works gathered at the headquarters of the Menotomy Club last Sunday afternoon and organized a committee which will direct the Ryan campaign from now until election day in March.

Leo Matthews was chosen chairman of the committee and general campaign manager. John Pichette and John Allen, President of the Menotomy Club were selected as Vice-Chairmen. James Coffey was elected Secretary and John Sullivan of Webster street was named Treasurer.

Several speakers addressed the

gathering as did the candidate himself. In his talk Mr. Ryan said that he had been Chairman of the Board of Public Works and had saved the town thousands of dollars through a business-like administration. He also cited the fact that employment was given a large number of local residents during his tenure of office.

Another meeting of the committee will be held soon and precinct chairmen will be chosen.

Rangers, Sylvanians Tied In Town League

By BOB FOREST
The first round of the Arlington Amateur Basketball league conducted at the Junior High

East this season wound up last Monday night with the Rangers and Sylvanians tied for top position.

The gradual strengthening of the teams has been going on up until the last game when a list of players had to be submitted. No player will be allowed to play on any team unless his name is on the list. The success of the League has been very much assured financially by the large attendance of spectators at the games. A small admission charge is made for both spectators and players alike.

The second round of the League starts Monday night in the same hall. Three good games are on tap. The night will start off with a roughhouse game. Both teams are considered the roughest in the League and they will battle for roughhouse honors. The Bears will attempt to knock the peculiar St. James Club out of second place. The Heights team will fight for all it's worth.
